PICTURED ABOVE, reading from left to right, are Mrs. Mary Pat Bird of Abilene, president of the VFW Women's Auxiliary, Department of Texas; Mrs. Bernice Townley, president of the Hamlin Chapter; and Mrs. Mary Morris, Abilene, president of District 8 for the organization. Photo was taken on the occasion of the presentation of the Mary Pat Bird trophy to the Hamlin club for having their dues 100 per cent for the coming year. The meeting was attended jointly by VFW members.

Mrs. L. S. Magee Passes Thursday

Death of Mrs. L. S. Magee at Hamlin Memorial Hospital Thursday at 2:25 a. m. brought an end to the life of another of Hamlin's pioneers.

Mrs. Magee, who had reached the age of 69 years, had been in failing health for several months and rumors that she was sinking were circulating Wednesday night.

During her more than 40 years of residence in Hamlin Mrs. Magee had taken an active part in civic work and was known over the sector for her charitable activities. Mrs. Magee was the widow of one of Hamlin's first doctors and from this position stemmed her zeal for community service.

Funeral services will be conducted at the First Baptist Church on Friday at 3:00 p. m. with Rev. A. R. Posey in charge.

Burial will be in the East Cemetery under the direction of Barrow Funeral Directors.

Rotarians Hear Lives Described by Three

In their regular Wednesday noon meeting, the Hamlin Rotary Club listened to Jerry Carr, junior Rotarian for the month, talk on the processes involved in the manufacture of the Celotex product. The Hamlin high school student explained that he had been raised in a gypsum board plant and was therefore most familiar with that subject.

Dr. Will C. House and Dean Witt listed the highlights in their lives in their member reports in autobiographical sketches.

Guy White was a guest at the Wednesday luncheon.

Business transacted included a motion to cooperate in a Chamber of Commerce move to post speed control signs at the approaches to Hamlin.

Felony Indictments Voted Against Six

Six felony indictments were returned by the 104th District Court grand jury Monday of this week.

W. M. McDaniel, 25, Lubbock, was charged with failure to stop and render aid when his dynamite truck allegedly sideswiped an automobile driven by Mrs. Dorothy Dement of Snyder near Anson on January 10.

Mrs. Dement is still confined in Hendrick Memorial Hospital in Abilene, as a result of the injuries she sustained in the crash.

A. J. Bell of Stamford was indicted for second offense of driving while intoxicated. This offense is alleged to have occurred January 27.

Four persons indicted are not in custody. One indictment was returned for child desertion and three for theft. Warrants for the arrest of these four men have been issued, but thus far they have not been apprehended.

Most mares dislike having people around at foaling time and will try to stop delivery until they think they are not being watched.

Auto Licenses Sold Early to Avert Jam

Vehicle owners of Hamlin and its trade territory will be permitted to purchase licenses for their equipment locally without the delay that has been experienced in times past with the receipt of new license plates at the Morgan Insurance Agency this week.

It is anticipated by the personnel at the insurance agency office that many motorists will take advantage of the early arrival of the plate supply to eliminate the long waits that have been experienced previously. Both Mrs. John C. Bryant and Miss May Gay will be available at the issuing office for the clerical work involved.

Tax Assessor-Collector Elzy Bennett has set February 8 as date sales will start on the new plates.

The color scheme for this year's plates is orange background with black numerals, a reversal of the same color combination for years past. The plates were manufactured from the prison system for distribution to the various county seats.

Passenger cars of Jones County will be issued in two series, as follows:

BX-4000 to BX 9999 and BY 10 through BY1999. Commercial numbers will start with MJ-5450 through MJ 6799 and farm truck numbers will read RF 450 through RF 1299.

The issuing office here is anxious to aid the motorists through early purchases to offset the last minute rush that usually occurs.

Safeway and Samuels Say Entries Are Many

According to a report made early this week by the local Safeway Store and Samuels & Co., Dallas meat packers, their picnic recipe contest entries have been tremendous.

However, the report stated, the "picnic" is a forerunner of a ham—not an outside affair as have been some entries recently received.

All information may be obtained at the Safeway Store on the entering of the contest and the awards offered.

Courthouse, Jail Now County Owned

The Jones County courthouse and jail are now the property of the county and no debt exists as a result of action taken by the commissioners court this week.

A surplus that had accumulated in the bond fund for the retirement of bonds voted in 1941 for the repair of the courthouse and jail permitted the court to retire a balance of \$24,240 which would have been extended through payments to 1956. Bonding companies granted permission to the commissioners to pay the amount in the lump sum rather than in installments.

After use of the surplus to retire this indebtedness, the county was left with a surplus of \$6,303.82 in the bond fund. Finances of the county were reported to be in good shape with the exception of the road and bridge fund which suffers from a heavy drain because of demands made on it for maintenance of county roads.

Farm Cash Income Slides 15 Per Cent

Farm cash income in Texas totaled \$1,622,553,000 in 1950, sliding 13 per cent from \$1,860,722,000 in 1949, according to a report made The Herald by the University of Texas Bureau of Business Research.

Farmers in the Black and Grand Prairies had the largest dollar income in 1950—\$255,280,000. Southern High Plains with \$245,461,000 and the Red Bed Plains with \$219,545,000 ranked second and third.

All crop-reporting districts, except three, reported yearly declines in farm cash income in 1950. Increases were in Edwards Plateau, 22 per cent; the Trans-Pecos, 13 per cent; and Coastal Prairies, 3 per cent.

SIGNS OF THE TIMES—Signs around their necks proclaim these ladies in white to be Mrs. Jane Barkley (left), wife of the vice president, and Mrs. Styles Bridges, the New Hampshire senator's wife. Along with the wives of other senators and congressmen, the "Veep's" wife and Mrs. Bridges meet once a week in the Senate Office Building to roll bandages for the Washington, D. C., chapter of the American Red Cross.

Murrell Chosen Head By Local Chamber of Commerce Directors

Directors of the Hamlin Chamber of Commerce were assembled Wednesday morning at the offices of the organization in answer to a call for attendance.

Purpose of the called meeting was to install C. L. Howard, B. B. Frederick, Clyde Grice and Wesley Nail as new directors of that body.

Following installation of the four men, Carl Murrell was chosen as president of the Chamber of Commerce and Edgar Duncan was installed as vice president. Murrell succeeds Eddie Jay as the directing head of the group and Duncan assumes the chair of John C. Bryant.

Decision was reached to forego the annual banquet of the chamber of commerce as an aftermath to the failure to obtain Governor Allen Shivers to address that assembly.

Press of war-time emergencies were also judged to be prohibitive to a successful banquet for this year.

Lions Told of Stock Exhibit for This Month

T. C. Blankenship left the confines of the rival Rotary Club to appear before the Lions Tuesday to offer some description of activities of the vocational agriculture program in Hamlin.

Blankenship described the assignment of projects to participants in the high school VA program and urged cooperation with the youths thus engaged through evidence of interest in their projects.

He brought to the club information about the FFA livestock exhibit that will be staged in Hamlin this year.

Doyle Blackford announced a tentative result of surveys conducted in the high school to determine condition of eyes of the students. Dr. Blackford announced that the elementary school will next be visited to further the survey.

The reason some girls never get married is they are too biased. It's bias this and bias that until the boy friend is biased.

Through the microscope, a March of Dimes-supported research scientist examines a section of tissue (shown enlarged in insert indicated by arrow) which has been attacked by polio virus. The nerve cell, showing the peculiar kind of damage inflicted by the virus, came from an animal experimentally infected with material believed to contain polio virus. Since the virus itself is too small to be seen under the microscope, scientists are forced to use this roundabout method of proving its presence. March of Dimes funds are aiding in the search for simpler and more direct detection work.

Second Sunday Sing For Calvary Baptists

Second Sunday Singing will be held Sunday at 2:00 p. m. at the Calvary Baptist Church, according to an announcement made The Herald early this week.

Singers from different communities are scheduled to be present and the public is invited to attend.

Marine Grover Cook To Get Purple Heart

Mr. and Mrs. Grady Cook of McCauley received word and a large photo last week of their son, Grover, receiving the purple heart.

Grover has been in Korea since last August with the Marine Corp and was wounded after fighting in a number of battles.

Pipers Win and Lose Basketball Games

Fortunes of the Hamlin Pied Piper basketball squad received a decided lift in last Friday's game with Snyder, only to be dashed to the depths again when they met the Colorado City Wolves on Tuesday.

The Snyder Tigers had made a strong bid for the position as top dog in the district and were occupying their position in the sun when the Pipers went over there last Friday. Holders of an earlier season victory over the Pipers, the Tigers were doped to have little trouble disposing of the Pipers their victory march. Coach Vernon Townsend had his basketballers primed for this battle, however, and final tally found the Pipers in the winner's circle with a 46-38 victory.

The B teams performed in the curtain raiser and Hamlin was administered a 39-24 thumping in that encounter.

The Friday victory left the Pipers with a bare mathematical possibility to finish in a tie for first place in the district race, but the Wolves of Colorado City dashed a liberal supply of cold water on those aspirations in the Tuesday night game at Colorado City. The Wolves continued to hold their mastery over the Pipers and poured in baskets to notch up a 45-28 win. The deadly Nathan Corbell had his hook shot working and dumped 20 points through the meshes to lead his contingent of Wolves and Asa Goodgame was high for the Pipers with 8.

Colorado City's B team was also too hot to handle for Hamlin and annexed that game by a 40-29 score. Tom Fulton was high for the junior Wolves with 16 markers and Milton Butler tallied 11 for Hamlin.

Exhibit Train Coming To Abilene Thursday

"More Power to America Special," a 10 car silver streamliner carrying exhibits of more than 2,000 ways to help national defense needs with electrical ideas and equipments will be held in Abilene next Thursday, February 15. The exhibit train, is sponsored by the General Electric Co.'s Apparatus Department and will tour 30,000 miles of the United States.

Approximately 1,700 invited guests are expected to attend and the train will be located at the intersection of Pint Street and U. S. Highway 68 on the T&P tracks.

Oil Flows Faster As Completions Come

Another oil producer is indicated in the General Crude Oil Company's Thomas Ferguson Number 4 which found the reef at 4,692 feet Thursday. This well runs higher than any on the Ferguson property and promises to be superior to others which are prolific. Operators asserted that finding of the pay at a higher horizon might bring additional wells to that sector in spite of previous plans to postpone further drilling for a short time.

Atlantic Refining Company has found the Ellenburger and set pipe on their Faye Young Morton Number 6.

Moutray-Moore Drilling Company has set surface pipe on their J. L. Sharp Number 1 and are drilling ahead.

General Crude Oil Company is drilling ahead on their Bowdry Number 2 and signs are that they will be successful.

Local Baptists Observe World Day of Prayer

Hamlin First Baptist Church basement will be open from 7:00 a. m. to 7:00 p. m. today (Friday) for any individual or group of individuals who wish to offer a prayer for peace; peace within your own soul and peace in the world, according to an announcement made Wednesday.

Everyone is invited to pause for a moment of silent prayer for his nation and for the world when the chimes ring at 11:00 a. m. today.

COLD WIND BLOWS SOME GOOD—The bitter, below-zero temperatures in Korea have played havoc with fighting men and their vehicles, but for these youngsters, King Winter has been a pal. His hoary breath turned this pond into an ice rink, a signal for children to improvise skate-and-sled combinations and take to the ice. Using home-made ski-poles, the youngsters push themselves across the ice, oblivious to the death struggle around them.

Celotex Employees Contribute \$351 To March of Dimes

Celotex employees of the Hamlin plant contributed a total of \$351.75 for the March of Dimes, according to a report made a Herald reporter by Ted Armstrong, manager.

At a home talent show held at the Celotex Village Clubhouse a amount of \$65.80 was realized; balance was made up by individual contributions and employees and the company.

The fund is divided between Jones and Fisher Counties, according to homes in each. \$185.75 went to Fisher and \$166.00 to Jones County.

Not included in the total above were employees of the quarry and crusher plant at Longworth who contributed liberally to the fund there. Longworth, a community of around 200, raised nearly \$1,000, a report showed.

Bowman Sells Repair Shop to CompeCitor

Another business landmark became a part of Hamlin history this week when the Bowman Shoe Repair Shop was purchased by Leroy Stubbs.

Tentative plans of Stubbs are to combine the equipment of the shop purchased with that of his present shoe repair service and to move into the premises formerly occupied by the Bowman concern.

Mr. and Mrs. J. B. Bowman date the formation of their business life back to 25 years or more ago and many changes have marked the community during their tenure here.

Plans announced by the Bowmans are that they will continue to live in Hamlin despite their retirement from business.

Merkel Comes Here For Cage Contest

The Hamlin basketball quintettes swing into their final week of action tonight when they take the court to do battle with the Badgers of Merkel. Merkel has had only a moderately successful season but they feature one of the better basketball players of the district in Joe Dell Gregory. Hamlin and Merkel have both been practically eliminated from title contention and they will take the floor tonight to vie for more favorable positions in the standings for the season.

Windup of the season will bring the Rotan Yellowhammers here next Tuesday night and the curtain will go down when the Pipers go to Roby next Friday night.

Mr. and Mrs. M. C. Wilson spent three days in Midland last week with their granddaughter, Marjoe Nelson, who was sick.

Inzer Is Grateful For Fund Response

With the success of the March of Dimes fund drive apparently assured, Chairman Starr Inzer authorized The Herald to issue an expression of appreciation to the contributors of this area.

Additional funds have been received which have boosted the total to an excess of \$1,700 and there is some hope that a final count will bring the fund to the \$2,000-mark.

Inzer had hoped to make a personal expression of his thanks, but the number of contributors involved would prohibit this procedure.

VILLA ROUNTREE, as photographed at the offices of the Southwestern Bell Telephone Company when employees gathered to honor her on the completion of 30 years of service to that company. Gifts from her fellow employees and presentation of a service emblem commemorated the occasion.

Dr. House Appears At High School Event

Dr. Will C. House, pastor of the Hamlin Methodist Church, gave a talk to the student body of Hamlin High School on "Life is Made Up of Choices".

Report was made by The Preper and is sponsored by the student council which is a series of student devotionals.

Program was in charge of Donald Johnson last week and complete program follows:

Two songs were led by Walter Chalcraft accompanied on the piano by Gwen Norris. The talk by Dr. House followed and Gay Nell Stephens led the Lord's Prayer.

Pvt. Edwin Hill Now In Fort Hood Division

Private Edwin Hill, grandson of T. E. Hill of Hamlin, was recently moved to Fort Hood and assigned to a unit of the 2nd Armoured Division for training.

Report came from headquarters.

FOUR ROSEBUSH BUDS IN A NURSERY—"Trees" grow in Michigan but seldom "fours" and
 so there was much to do about the quadruplets born to Mrs. Ann Rosebush of Pontiac, shown as she
 got her first peek at the two girls and boys. The quads, who were immediately installed in private
 hot houses in St. Joseph's Mercy Hospital, weighed a total of 15 pounds and five ounces at birth and
 were named Krystal, Kristine, Keith and Kenneth.

"Rocky Mountain blizzards couldn't stop me!"

says JACK W. SEEFELD
 3030 Vrain St. Denver 12, Colorado

"The two winters I tested new Conoco Super Motor Oil—as one
 of a group picked to prove its winter wear-fighting ability—we had
 the worst weather in years. Blizzards came in on top of blizzards.
 The temperature went to the bottom and stayed there."

"BUT MY CAR ACTED LIKE IT THOUGHT IT WAS JULY!
 With new Conoco Super that car performed better than it ever
 had. At the end of the test, with proper drains and regular care,
 gasoline mileage was practically as good as at the beginning."

After a total of 386,422 miles, logged by Mr. Seefeld and
 other winter test drivers, Conoco engineers found no wear of
 any consequence! Analysis of drains showed this great oil
 actually stopped the dangerous accumulation of free water
 and acids, chief causes of winter wear. This test proved that
 new Conoco Super Motor Oil, with OIL-PLATING, fights off
 rust, corrosion and sludge. So, change to Conoco Super, now.

Mr. and Mrs. Bowman say . . .

Thank You

Since November 1, 1924, we have served the Hamlin community in our shoe and leather business to the best of our ability. It was your patronage and kindness that enabled us to grow and succeed.

On Friday, February 2, 1951, we sold out to the Stubbs Shoe Shop, and this terminates our 26 years and three months in business.

We want to express our deepest appreciation to each and everyone who patronized us and helped make our business a success.

We plan and hope to enjoy the friendship of the Hamlin people many years yet.

Sincerely,

Mr. and Mrs. J. B. Bowman

Juanez Branscum Weds Wesley Groom at Calvary Baptist Church, Reception Follows

Mr. and Mrs. Dan Branscum of Hamlin are announcing the marriage of their daughter Juanez, to Wesley H. Groom, son of Mr. and Mrs. Wesley P. Groom of 1118 Walnut Street, Abilene January 13.

Marriage vows were read by Rev. L. W. Pate, pastor of the Calvary Baptist Church before an alter arrangement of white pompoms tied with large white satin bows. Candlelighter was L. B. Bruner, brother-in-law of the bride.

Anna Mae Collins, pianist, played traditional wedding processional and recessional music.

The bride, given in marriage by her father, wore a grey suit with brown interweavings. Her accessories brown and her corsage of gardenias. She carried a white Bible.

The bride's only attendant was LaNette Zinker who wore a green gabardine suit with black accessories. Her corsage was of white carnations.

Patricia Branscum, sister of the bride, was ring bearer and she wore a pleated navy blue satin skirt with a white silk blouse and a corsage of red carnations. Roland Beal was best man.

Mrs. Groom is a graduate of Hamlin High School and is employed by the Southwestern Bell Telephone Co.

The bridegroom is an employee of the local White Auto Store. The couple will live at 1202 South 13th Street.

A reception was held immediately by the parents of the couple in the bride's home.

The bridal table was laid with a white linen cloth and centered with white carnations.

Two sisters of the bride, Mrs. L. B. Bruner and Mrs. Eddis Carpenter, served attendants.

Mrs. Billie Pat Tucker Honored at Gift Tea

Mrs. Billie Pat Tucker, nee Nellie Sue Wicker, was honored with a gift tea in the home of Mrs. Melvin Courtney of McCauley Thursday, January 25.

The bride's table was covered with lace over pink and her chosen colors of pink was carried out in the table arrangements of white tapers, pink punch and pink and white cake, and the center piece of pink carnations and white stock in a crystal bowl.

Mrs. Willie Maberry ladeled punch and Mrs. Nute Stephens served cakes while Mrs. J. W. Maberry presided at the registry where 90 guests registered during the afternoon.

Guests included people from Abilene, Sweetwater, Stamford, Hamlin and McCauley.

Co-hostesses for the shower were: Mrs. J. W. Maberry, Mrs. Willie Maberry and Mrs. Nute Stephens.

Mrs. Tucker is a former resident and student at McCauley and later of Hamlin High School. He attended the Hamlin Schools and is employed at the Hamlin Motor Company.

don't give colds an even break

there's still time to install and enjoy automatic flue-vented Gas heating equipment this winter

HELPS YOU KEEP WELL. Modern vented appliances are equipped with accurate temperature control. You are never too hot, never cold. You eat better, sleep better, feel better.

NO STUFFY AIR. Fuel burns in sealed chamber which is flue-vented direct to the out-of-doors. Your body has more resistance to colds in the daisy fresh, more even warmth.

REDUCES SWEATING. Dripping windows, tear-streaked walls, clammy floors will be greatly reduced if not eliminated. With flue-vented heating you have fewer redecorating bills.

PAYS FOR ITSELF again and again. The difference in heating entire home, instead of two or three rooms, will be worth more than trouble and expense of a single illness.

DON'T GAMBLE. Old fashioned, turn-it-up, turn-it-down heaters over-heat and under-heat—and cause drafts. Improper heating is one of things that make you "catch cold."

QUICK INSTALLATION—Floor furnaces and other types of flue-vented heating can be installed promptly and conveniently now. Don't delay. See your Gas Appliance Dealer, today.

Automatic floor furnaces, closet furnaces and other flue-vented Gas heating equipment are still only 10% down, with up to 30 months to pay

Lenten Luncheon Sandwich

Tops for your Lenten luncheon menus is a hearty corn meal cheese sandwich with savory tomato sauce. "Bread" for this delicious sandwich is corn meal slices, mild flavored and nubby textured. The cheese is pasteurized process American slices, noted for excellent flavor, perfect melting, and easy separation. And each slice in the factory wrapped, brand identified half-pound package is identical in shape and thickness, which adds to the attractiveness of the finished sandwich.

Corn Meal Cheese Sandwiches

1/2 cup corn meal	1 egg, beaten
1/2 cup cold water	Fine cracker crumbs
1 1/2 cups salted boiling water	Butter or margarine
1/2 pound package pasteurized process American cheese slices	1 can tomato soup, undiluted
	1 bay leaf
	Dash of mace

Mix corn meal with cold water. Stir this into the boiling water. Cook five minutes over direct heat, stirring constantly. Cook an additional 20 minutes over hot water, stirring occasionally. Pour into a small loaf pan and chill. When firm cut into 1/2-inch slices.

For each serving place a slice of cheese between two slices of corn meal. Dip into the well-beaten egg, then in cracker crumbs. Brown on both sides in butter or margarine in a skillet, or brush both sides of each sandwich with melted butter or margarine and brown in a moderate oven, 350 degrees.

Serve with sauce made by simmering the undiluted tomato soup with bay leaf and mace for half an hour. Remove bay leaf. Makes six servings.

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

*"The Case of The One Per Centers," an article in The Texas Tax Journal, July-August, 1950

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

Zip-up Dress Keeps Hair Dressed Up

BY EDNA MILES

NOT since the invention of the bobbypin has milady's hair ever
had it so good.

Home permanents, chignons, improved shampoos and home dry-
ers have all come to the rescue of the woman uttering that classic
complaint, "I just can't seem to do a thing with my hair."

Yet while beauty experts have seemingly given their all to the
business of glorifying the tresses of the fair sex, one problem has
received virtually no attention, the impossibility of getting dressed
without ruining a carefully groomed coiffure.

At long last, a solution has been found—a zip-up, step-in dress.
While the step-in dress is by no means a revolutionary idea, it
may well be the forerunner of a fashion trend. The creation not
only permits the missus to get dressed without getting so much as a
wisp of hair out of place, but also eliminates the exasperating
struggle to find sleeves while the dress is pulled up over the head.

At right, model Joan Skelly, her hair in perfect order, demon-
strates how easy it is to step into the dress with the zipper pulled
open to just below the waist.

Seconds later (at left), she stands fully dressed, her coiffure im-
maculate—truly a quick and painless change.

The cotton chambray step-in creation should have no trouble in
winning applause from those women who have had their hair
mussed up during a desperate effort to dress quickly, or from the
many others who have groomed their hair after dressing, only to
find telltale strands of loose hair marring an otherwise neat ap-
pearance.

By virtue of its simplicity, Jubilee dishes
are adaptable for informal and formal
table setting—four lovely pastel colors
—and it's open stock.

New DODGE "Job-Rated" Trucks

The trucks
that do
the most
for you!

MORE POWERFUL THAN EVER

Dodge now offers you the most powerful "Job-Rated"
trucks in Dodge history!

Eight engines—94 to 154 horsepower—with power in-
creases as high as 20%!

You get the right power for your job... in the finest
performing trucks that ever carried the Dodge name!
Yet these new Dodge "Job-Rated" Trucks are priced
with the lowest!

NEW! Smarter styling!

New beauty combined with massive,
rugged appearance. New hood line for
better road visibility. Roomy new cab
interiors in contrasting colors — new
comfort with redesigned seats.

NEW! Easier handling!

Shorter turning diameters than ever be-
fore—for even greater maneuverability!
New steering wheel angle for greater
driving comfort. New worm-and-roller
steering gears make for easier steering—

plus all the ease-of-handling features that
made Dodge "The Choice of Champions"
in the 1950 National Truck Roadtest!

NEW! Extra-quiet brakes!

Another Dodge engineering first! New,

About all we could do last week was listen to the weather reports each day. As if we couldn't tell it was cold!

Mr. and Mrs. Noah Wishert returned from Kermit, Saturday after a week's visit with their married daughters; Mrs. Bailey and Mrs. Armstrong and husbands.

E. A. Lawlis and family visited Mrs. Lawlis's mother, Mrs. Cox, in Merkel last Tuesday.

Beth Jones was a week-end guest of her parents, Mr. and Mrs. C. D. Jones, last week.

Pat Maberry of Abilene was a week-end guest of her parents, the Luther Maberrys, and Mary Lou last week.

Mr. and Mrs. Albert George spent last Sunday in Abilene visiting their daughter, Mrs. Jimmie Dee Jackson, and son Mark.

Mr. and Mrs. John Reynolds and family of Clovis, New Mexico were guests over the week-end with her parents, the W. C. Lees. Mr. and Mrs. Reynolds attended the funeral Saturday of Mrs. Mack Reynolds at Swedonia. (See details of Mrs. Reynolds funeral in this issue of The Herald.)

Mrs. O. R. Burnham handed us her subscription for The Herald. Thanks, Mrs. Burnham.

Mr. and Mrs. Charles Ferguson Jr. and family are moving to Graham next week. He will join his brother-in-law, Paul Kaiser, in the dairy business there.

Mr. and Mrs. Warren Davison and family have moved to Lamesa.

Paul Waldrop and bride have moved into Mrs. Jess Humphrie's residence.

Stanley parties are coming into fashion again. One was staged to meet at Mrs. Faye Harris home on February 6 and another at Mrs. L. R. Stuckey's, February 14.

Mr. and Mrs. Grady Cook were the happy recipients of a large photo of their son, Grover, sent to them from the Marine Corps of the U. S. Navy. It is the picture of Grover receiving a purple heart from an officer. He has been in Korea since last August and was wounded after being in a number of battles.

Mr. and Mrs. George Darden of Abilene visited her father, S. E. Miers, and other relatives in McCaulley last Friday.

Mr. and Mrs. Oran Journigan of Lubbock are visiting his mother is critically ill at this time.

A Thought to Remember: "Righteousness exalteth a nation; but sin is a reproach to any people."—Prov. 14:34.

YANKS YANK IN VAIN—These smooth operating GIs in Korea found that their slick job of milking this temperamental cow was wasted as medical authorities forbade the use of the milk. Reluctant Bossy proved to be a two-man task for the frustrated soldiers, with one Yank making with the sweet talk while the other tried to fill his all-purpose helmet.

Mrs. Reynolds Is Buried at Swedonia

Mrs. M. S. Reynolds, 49, resident of the Swedonia community for 31 years, died a few minutes after admission to the Stamford Sanitarium, at 2:30 p. m. last Thursday.

Funeral was held Saturday at 2:00 p. m. in the Swedonia Community Church with Rev. Dan Jones, Nazarene minister from Rotan officiating. Rev. Jones was assisted by Rev. Jimmy Wayne of McCaulley.

Mrs. Reynolds had been in generally poor health for two years.

Mrs. Reynolds was born Mamie Grace Harris at Brad, Texas, on January 28, 1902 and died February 1, 1951 at Stamford. She moved to this community in 1920 and was married to Macbeth Samuel Reynolds in 1921.

To this union was born 5 children: Weldon, Hale Center, Texas; Bernice Maleik, Lubbock; D. C. Greensburg, Pennsylvania; Billie, McCaulley; and Roberta Johnson, McCaulley. She is also survived by her parents, Mr. and Mrs. J. C. Harris of Souphland, Texas and three brothers: Eunis of Partales, New Mexico; Fern of Albuquerque and Wayne of Ralls, Texas.
